## Sport

### Did you know?

The first Olympic Games were held in 776BC in a town called Olympia in Greece. All the competitors participated in the nude. Women were not allowed to participate. There was only one event, a 192m race called a stadion. The 5 rings represent that 5 continents. All the world's national flags have at least one colour represented in the different colours of the rings.

## Art

### Did you know?

Banksy is an anonymous graffiti artist. He is originally from Bristol. The fact that he is anonymous means he keeps his identity hidden. He will not do media interviews, he won't release his real name, and he will not allow photos or copies of his artwork to be made and sold.

## Science

### Did you know?

Venus is the second planet from the sun, but it is the hottest planet. It snows metal and rains sulphuric acid on Venus. Venus is the only planet in our solar system that rotates in a clockwise direction.

## My body

### Did you know?

The smallest bones in your body are found inside your ear. The smallest one is called the stirrup due to its shape. These bones vibrate to sound, which makes hearing possible.

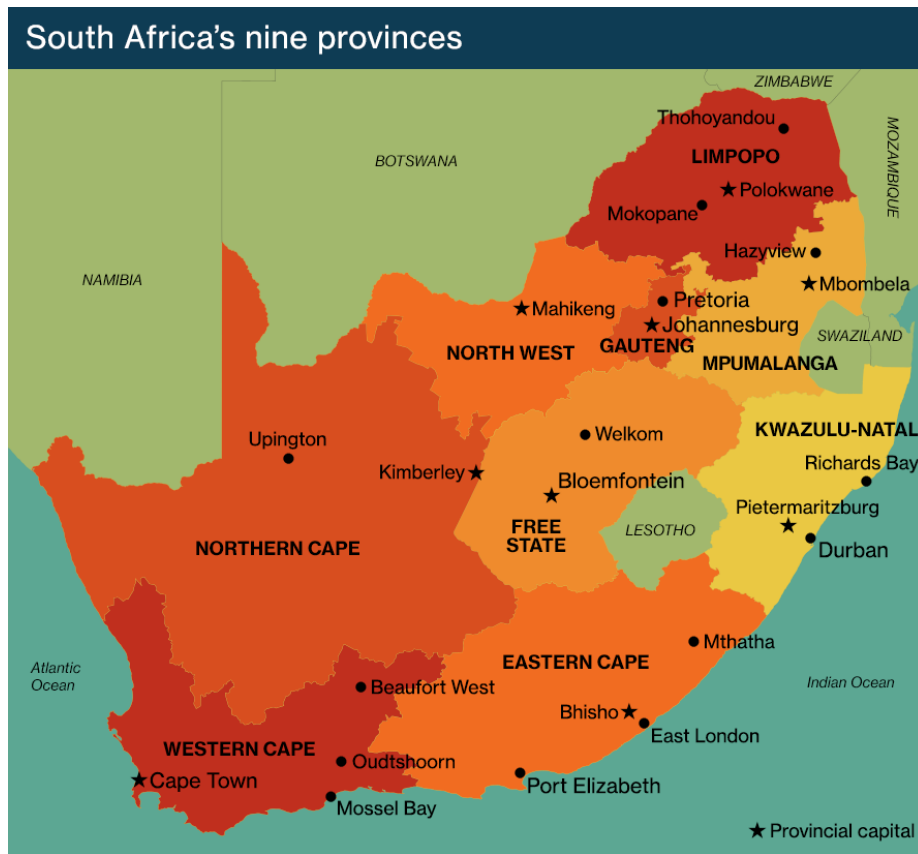

## Life and living

### Did you know?

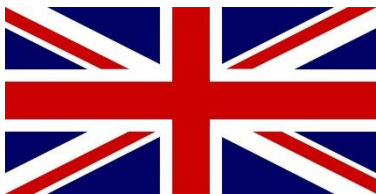

Cattle are either farmed for their meat (beef cattle) or their milk (dairy cattle). Dairy cattle can only be milked if they had calf, and therefore produce milk. All cows are female; male cattle are called bulls.
