**WE STRIVE FOR EXCELLENCE**

Children must be born in 2015 to attend Grade R in 2021.

Grade R's are not automatically transferred over to Grade 1. Application for Grade 1 must be done online and it will be a whole new process.

The Governing Body of the school runs the Grade R's, they go through the applications, and according to the criteria they look for, decide which can be accepted and which not, so it is imperative that you apply at other schools as well.

The school hours are from 7:25 – 13:00.

The school fees do not include aftercare as they are separately run.

Forms must please be completed and emailed along with the supporting documents to
